

The children and staff of the Jerusalem Hills wish all our friends and supporters a

HAPPY PASSOVER

May the Festival of Spring bring peace, joy, and safety to us all!

Mock Seder at the Children's Home

Every year, just like most schools around the country, our children participate in a Mock Seder, including all their peers and all the staff members as they go through the rituals, blessings, songs, and food of the Passover Seder.

Every year, our staff and volunteers blow us away with their efforts to turn the dining room into a visual Haggadah and run a beautiful Seder.

This year, we were honored to have our youngest unit of children, the Aviv group, join us for their very first Passover Seder at the Children's Home.

After all, "Aviv" means spring, so this festival was made for them!

It was touching to see the children participate in the songs, especially the choir's Hebrew rendition of the famous "When You Believe" from the movie The Prince of Egypt.

Wishing us all a miracle-filled Passover!

Especially this time of year, we pray for the safe and speedy return of the hostages, an end to the war, and for our entire nation to be safe and free.

Happy Passover!
